MySchool — Admin (dashboard)

15 features, one per page.

Signed in as Platform Admin (admin@quest.local), school scope “Green Valley Academy”.

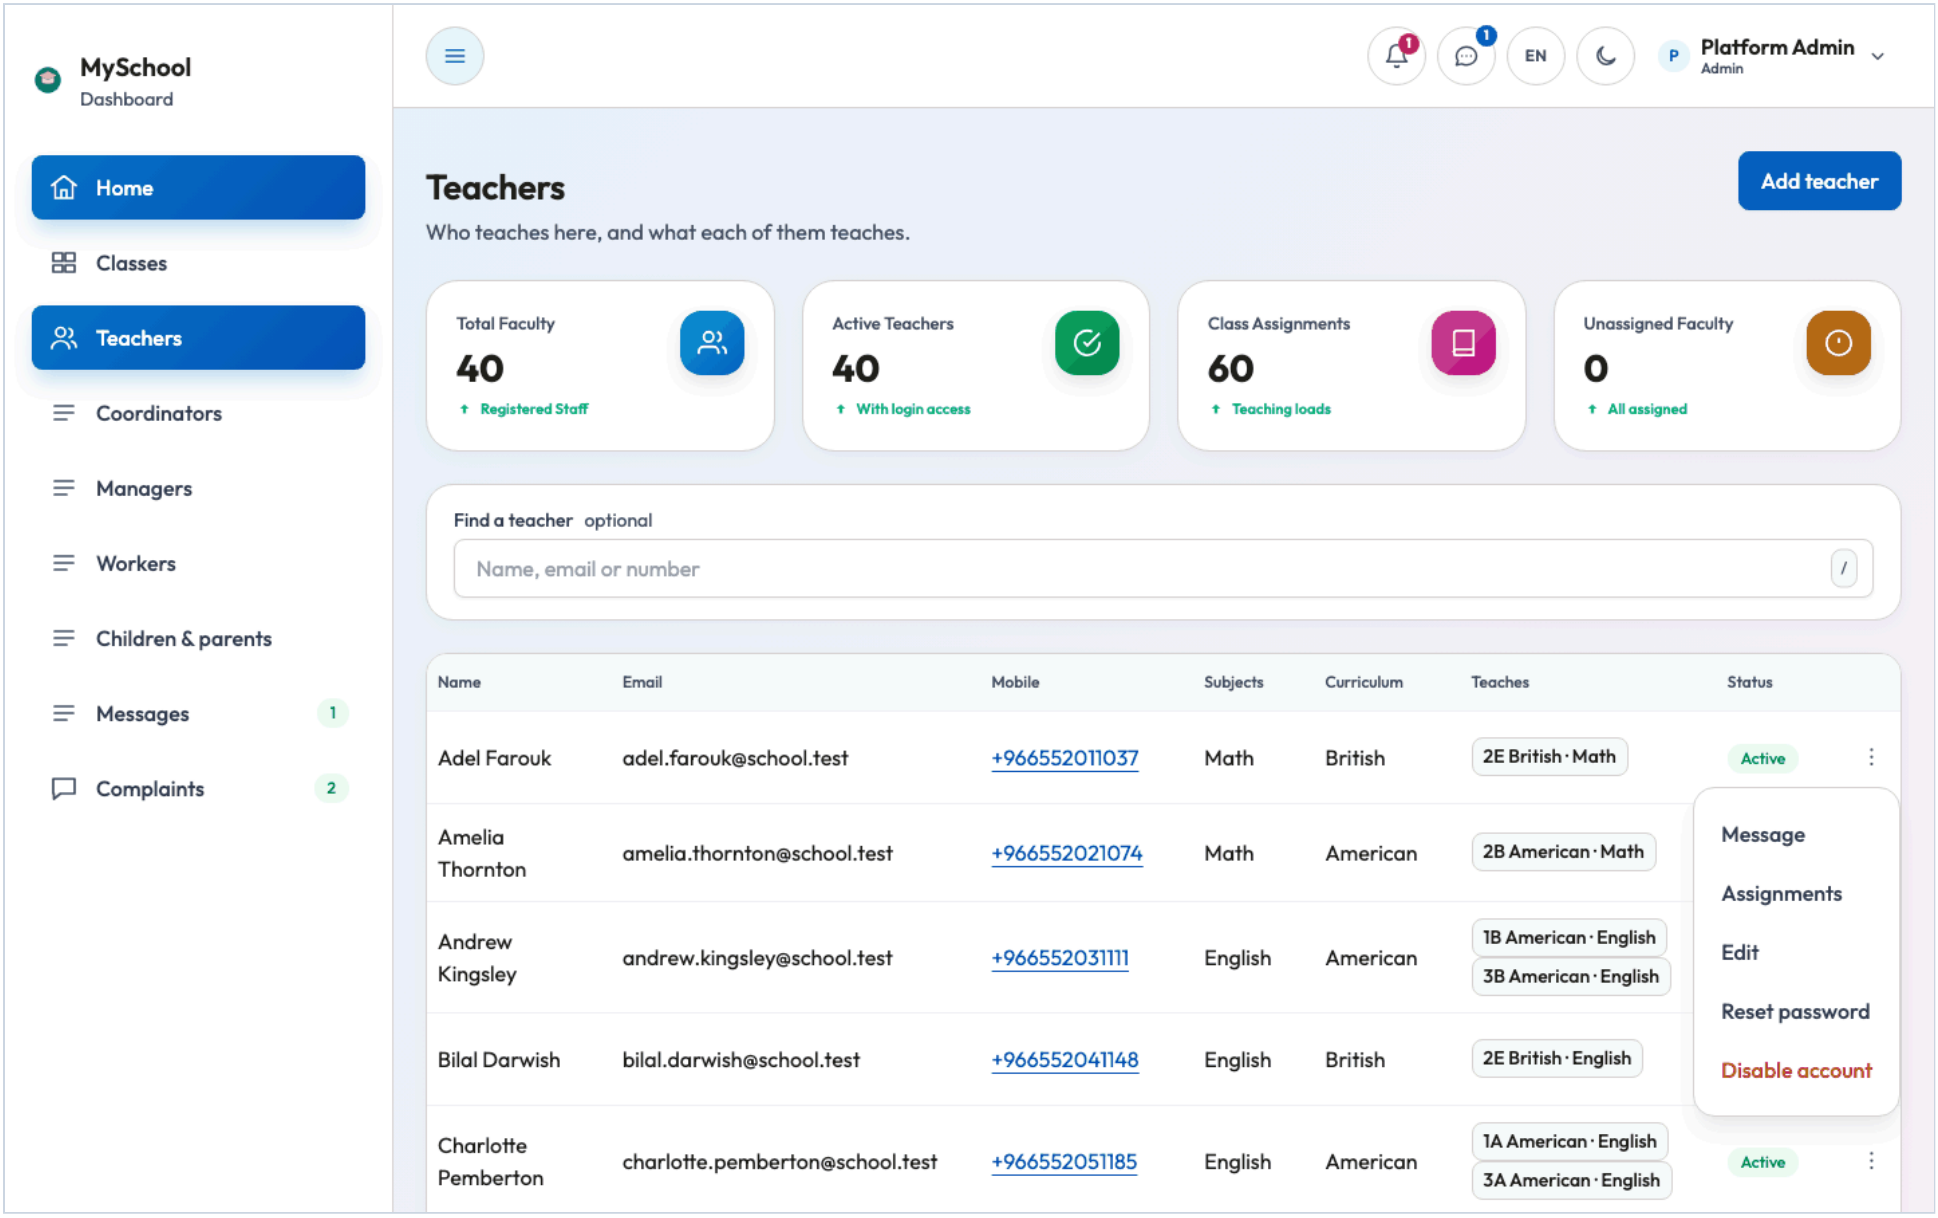

Local demo data; every name is invented. 1440×900, English and light unless noted.

1 Home counts

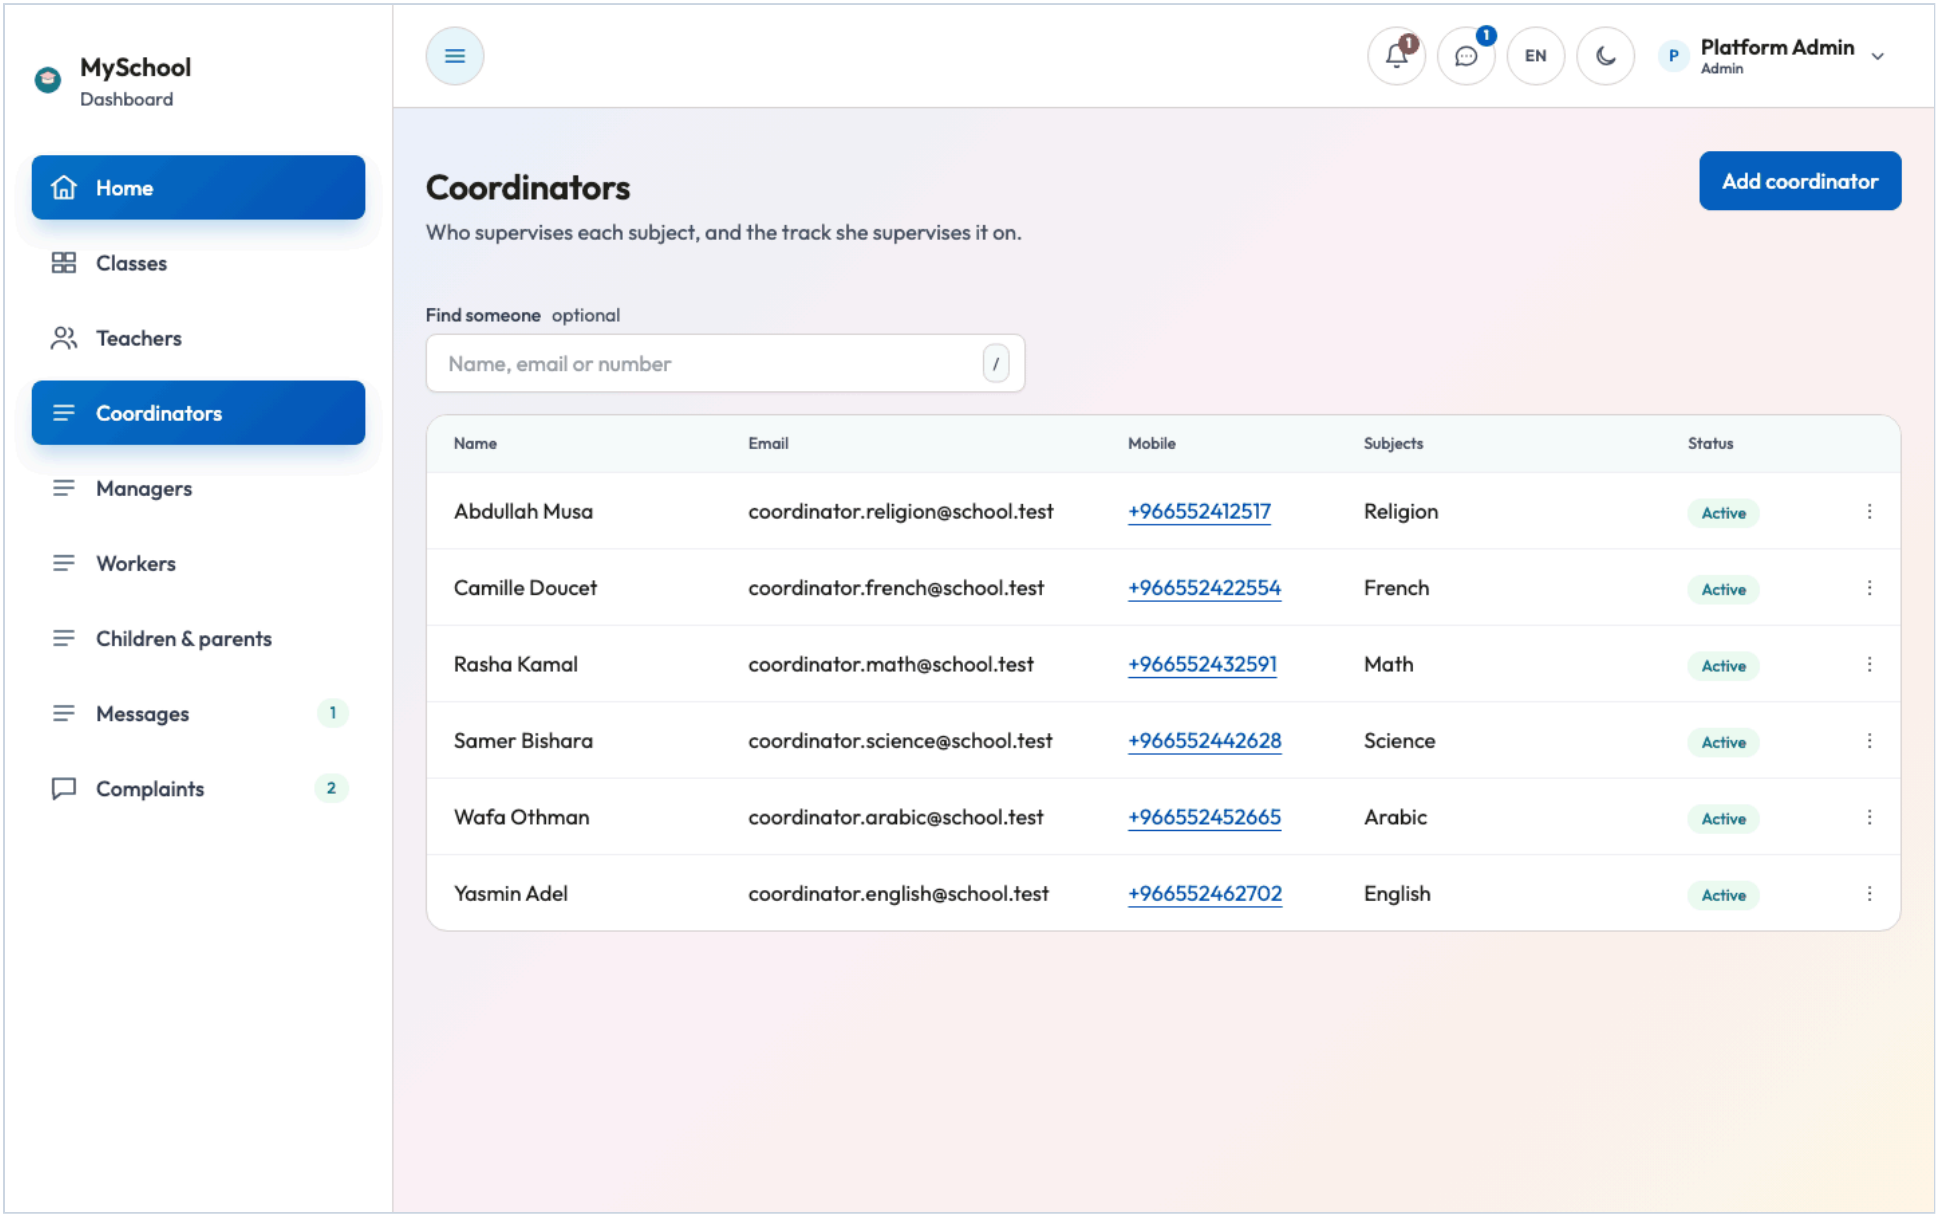

Admin home: managers, coordinators, teachers, children, classes, workers, schools and this week’s lessons at a glance.

2 Teachers

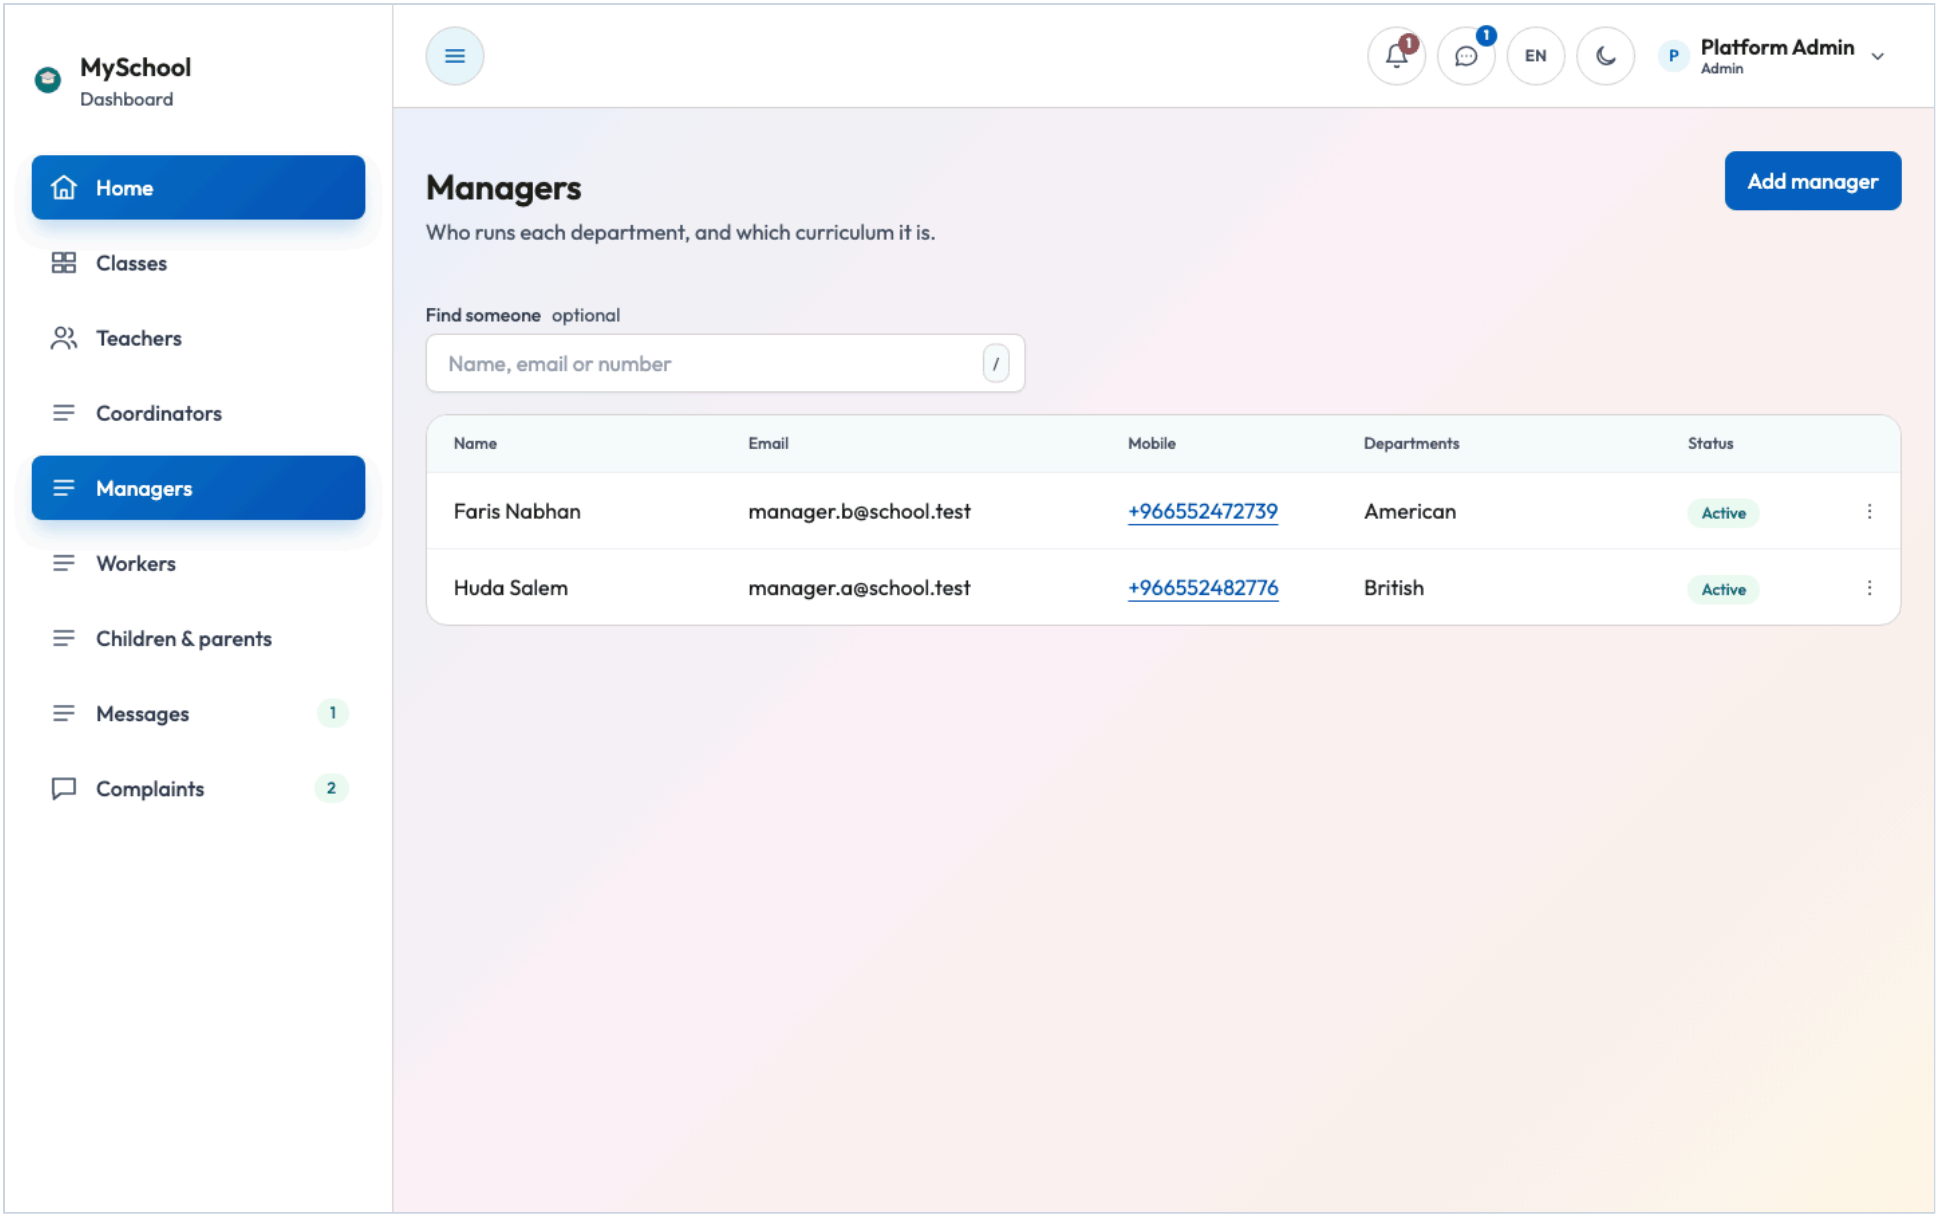

Every teacher with email, phone, subjects, curriculum and classes; the row menu holds Message, Assignments, Edit, Reset password and Disable account.

3 Coordinators

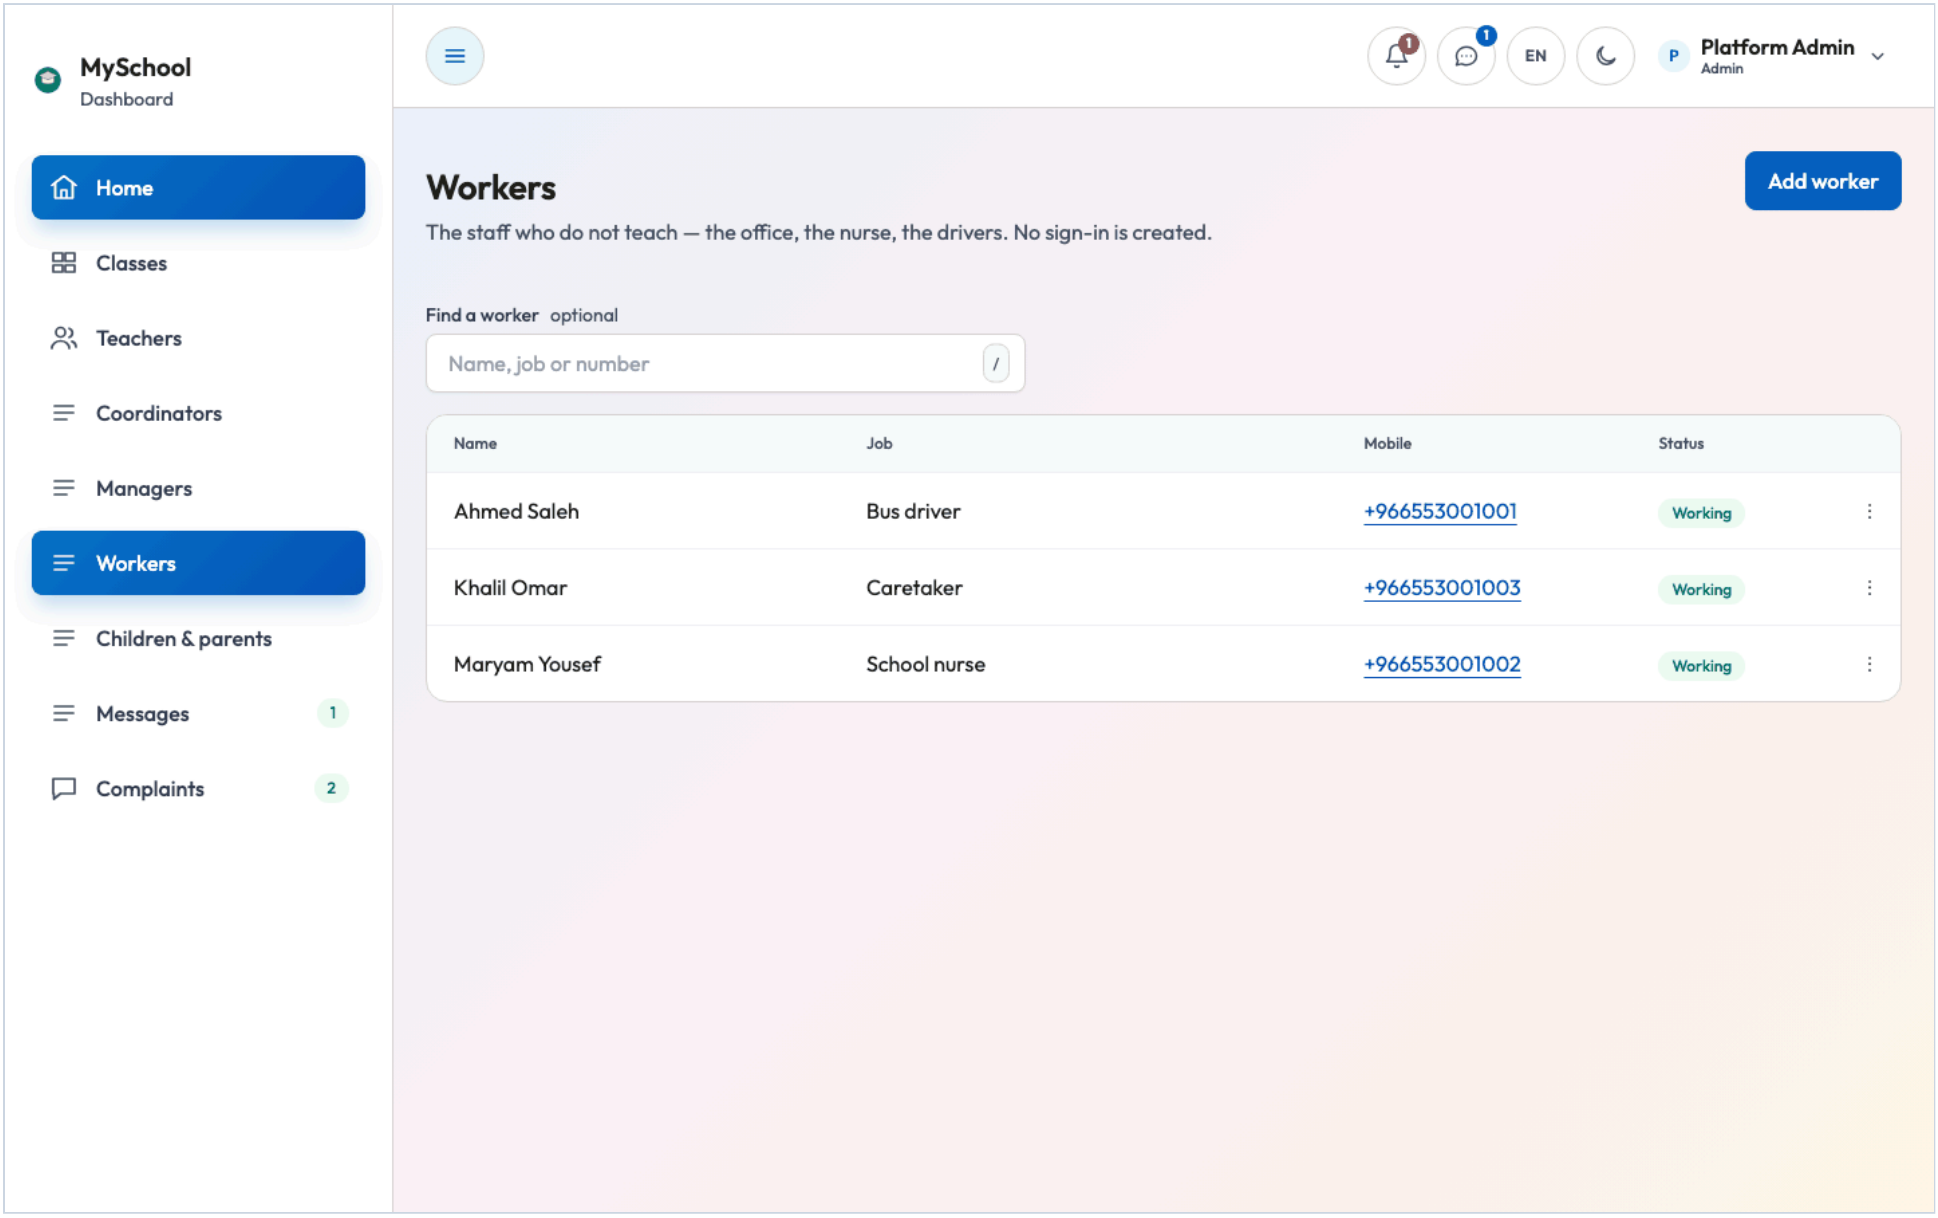

Subject coordinators with their scope (grade, subject, curriculum) and contact details.

4 Managers

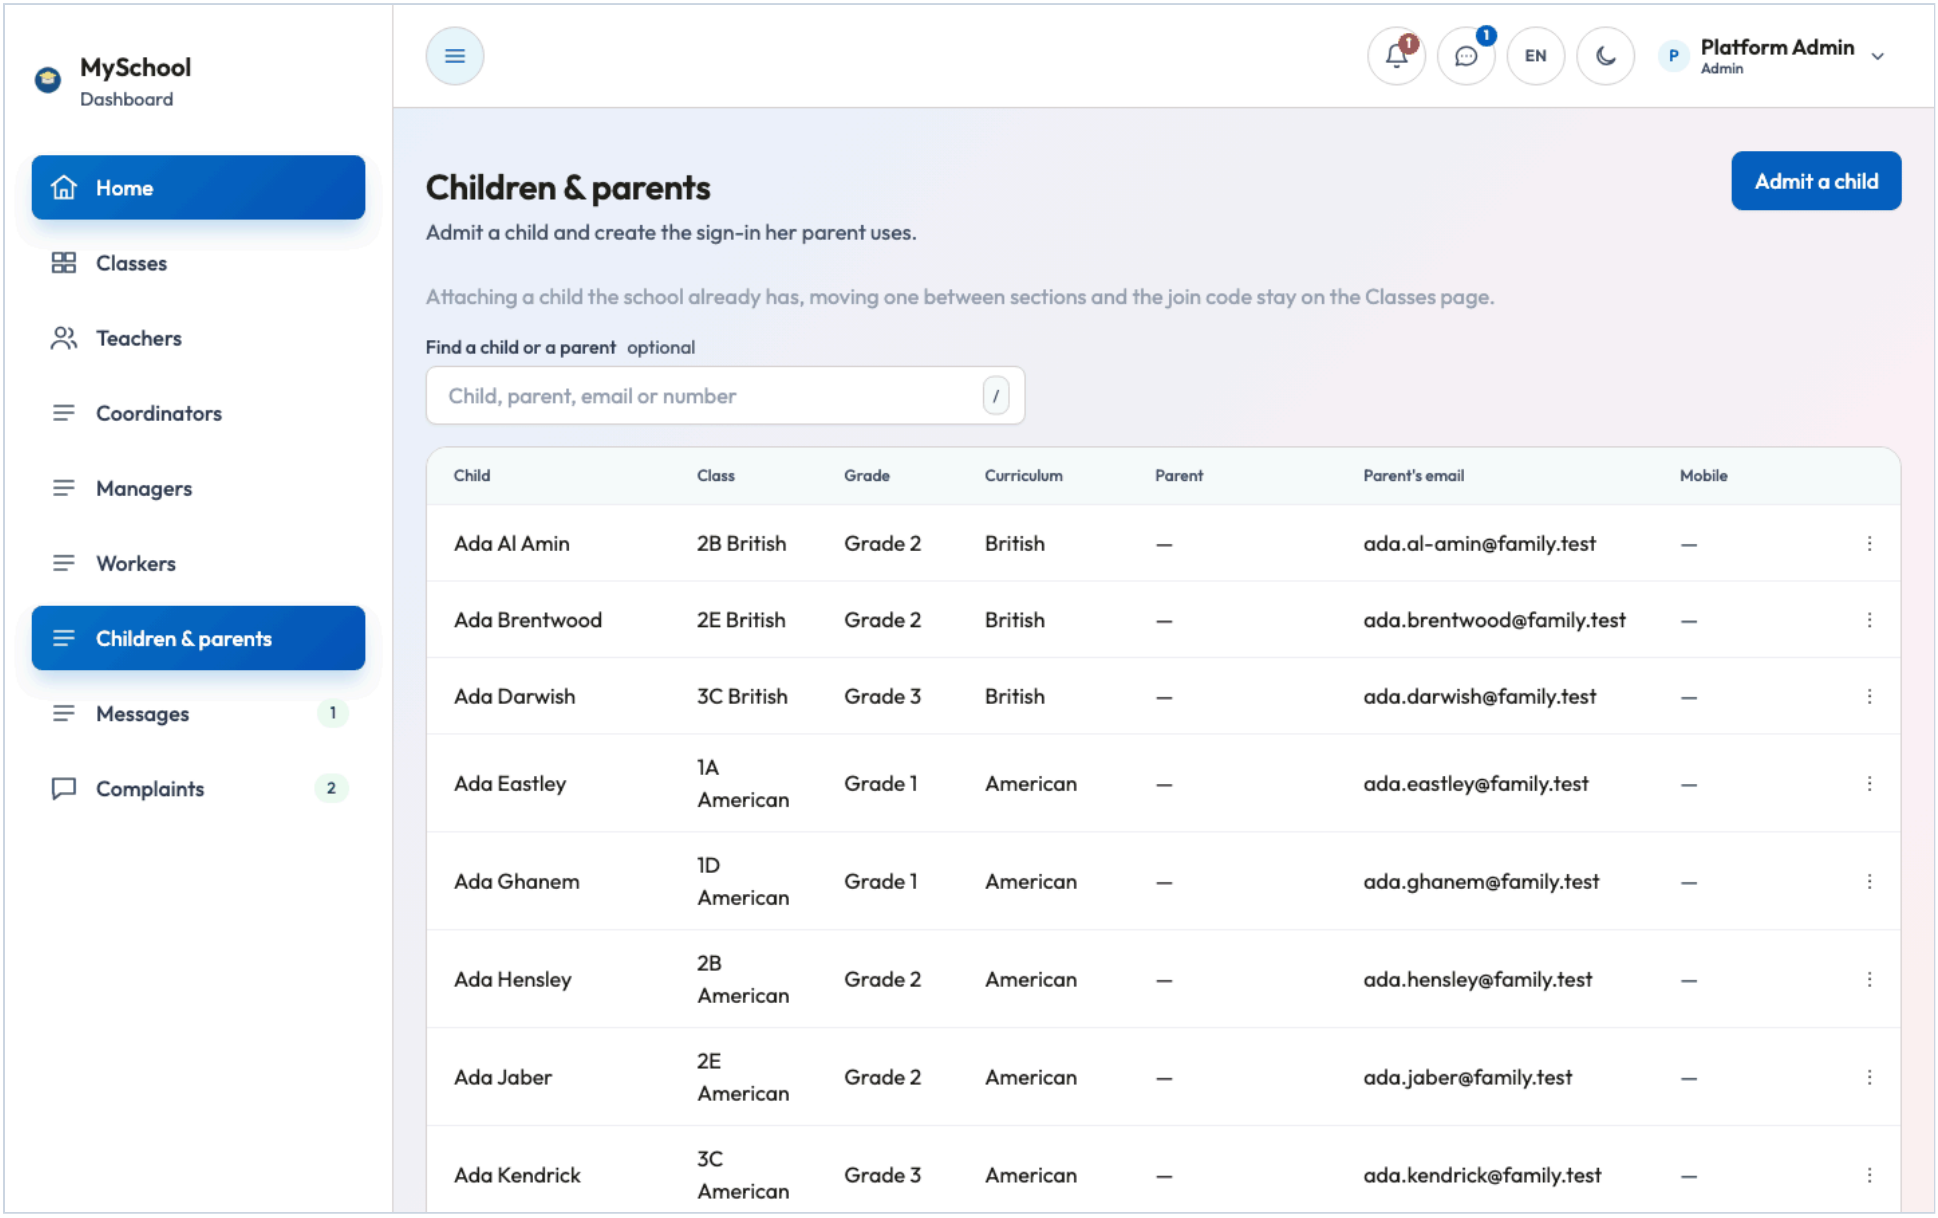

School managers and the curriculum each one runs.

5 Workers

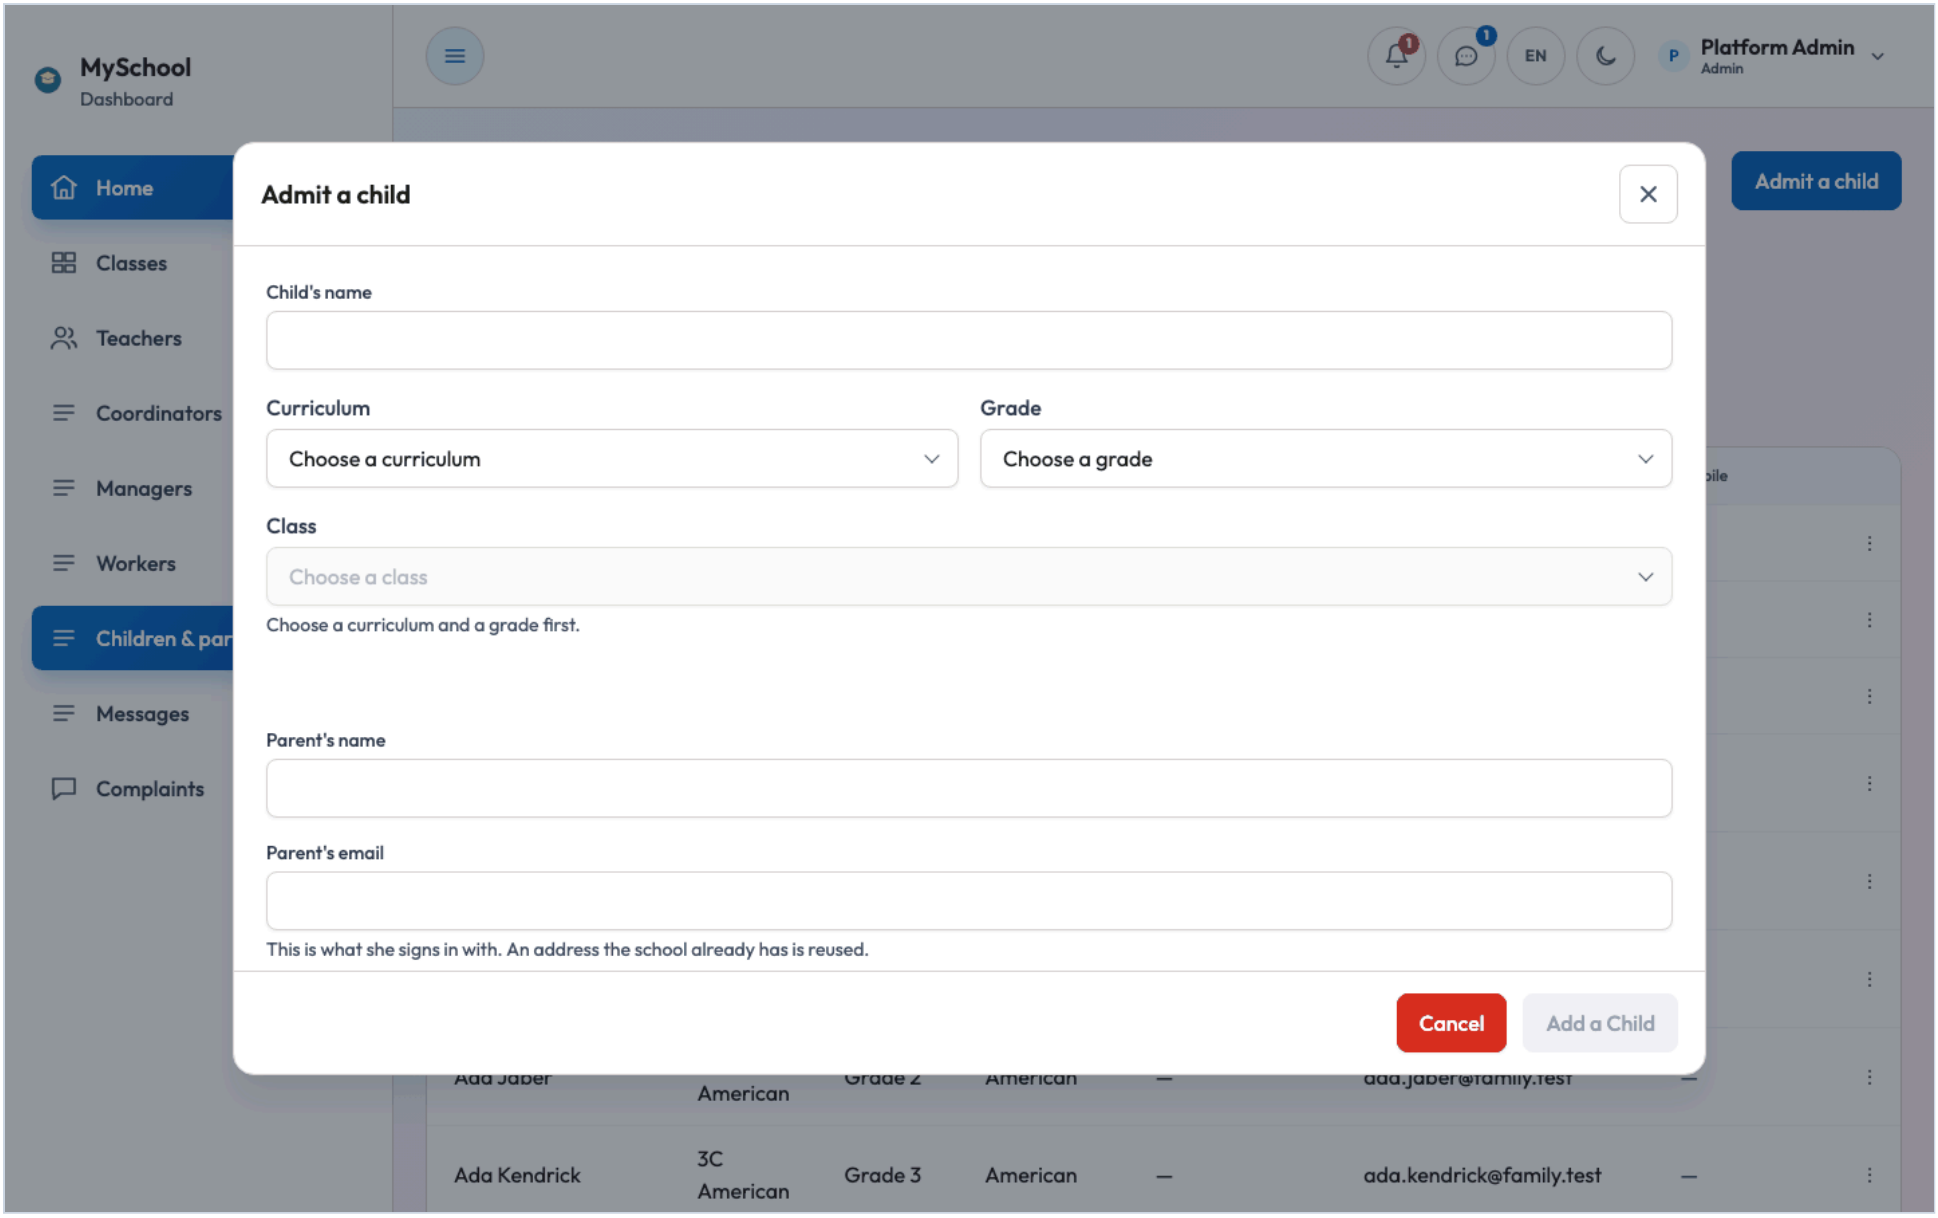

Non-teaching staff — driver, nurse, caretaker — with job and phone.

6 Children & parents

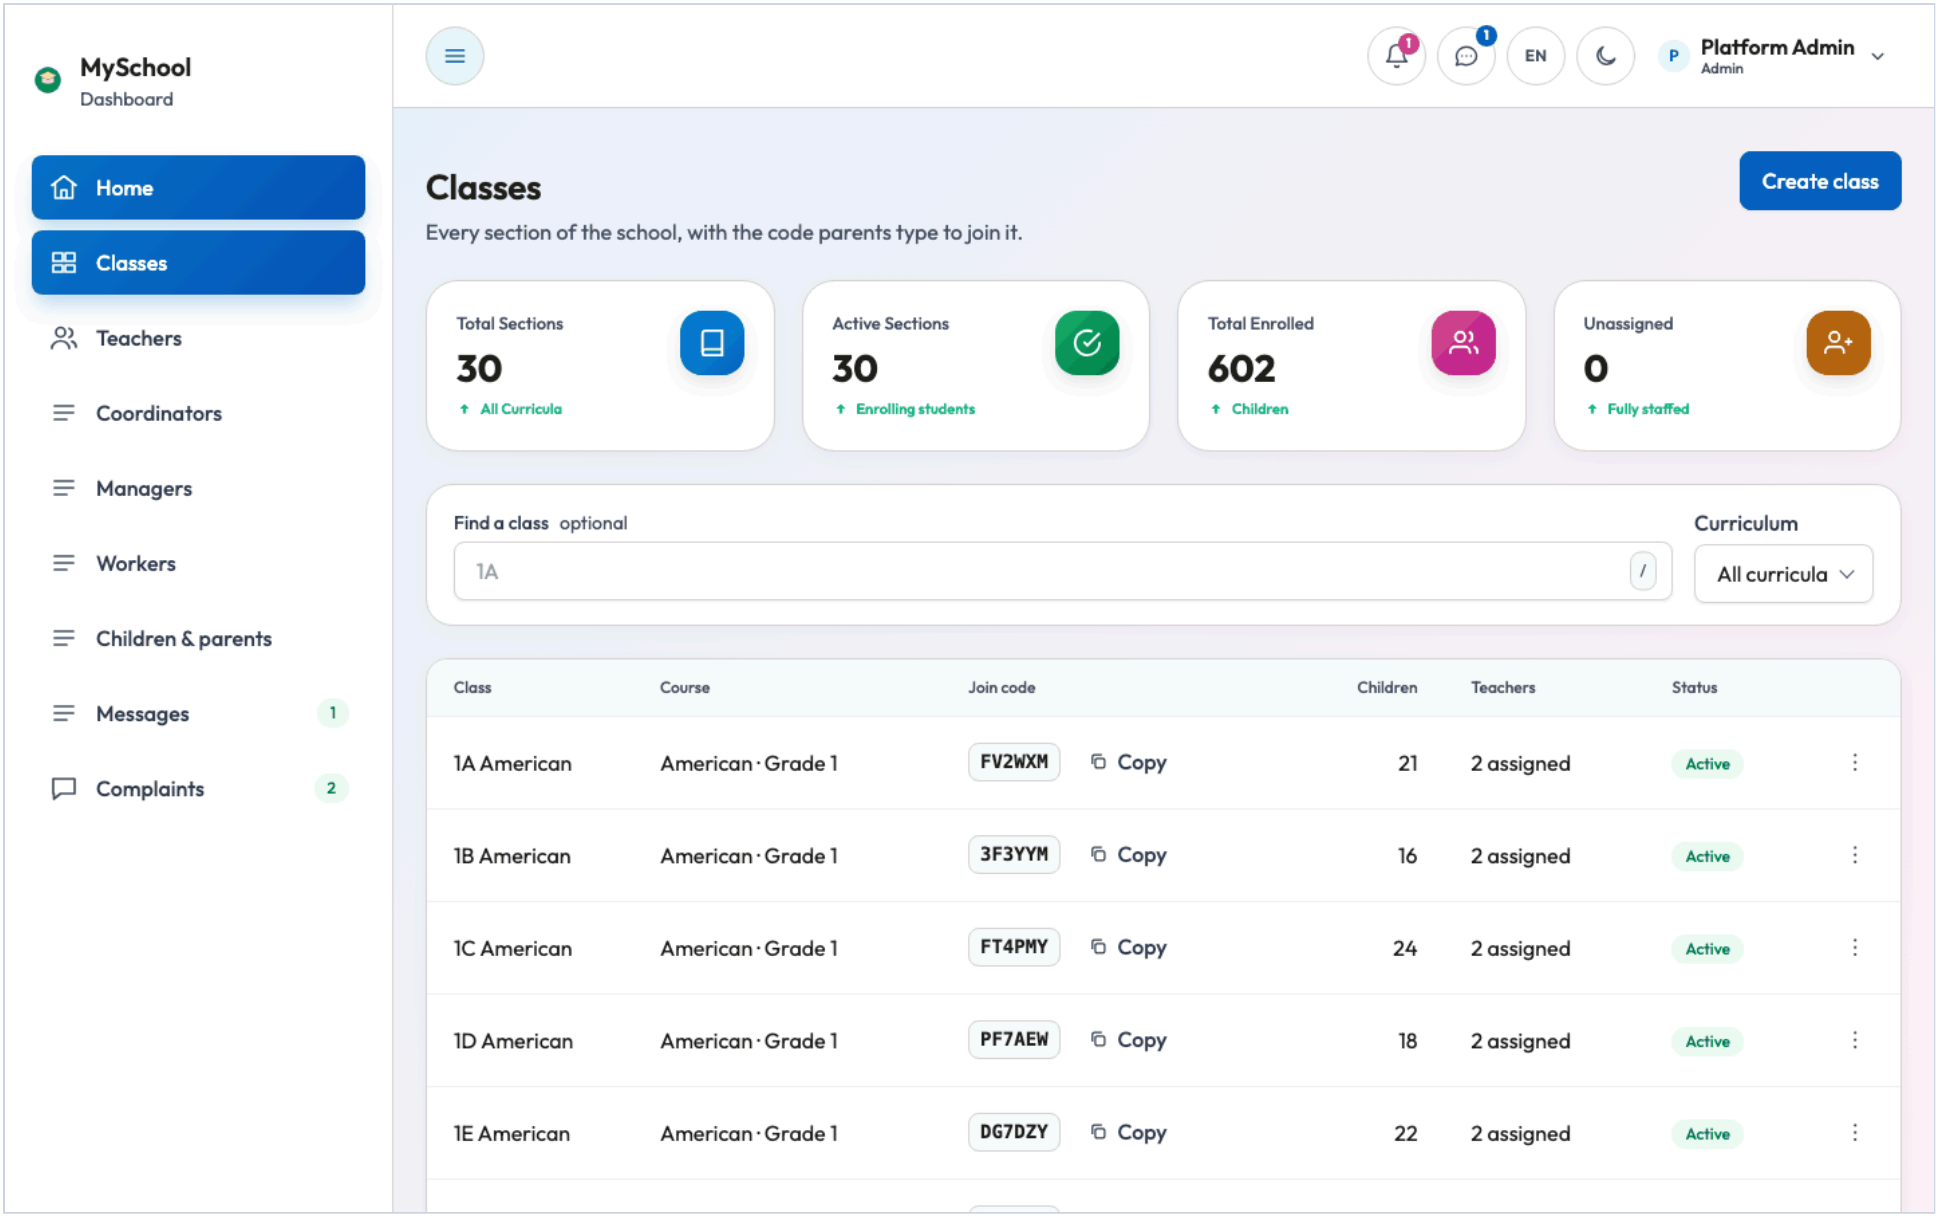

Children with their class and parent (name, email, phone), searchable and paged.

7 Add a Child dialog

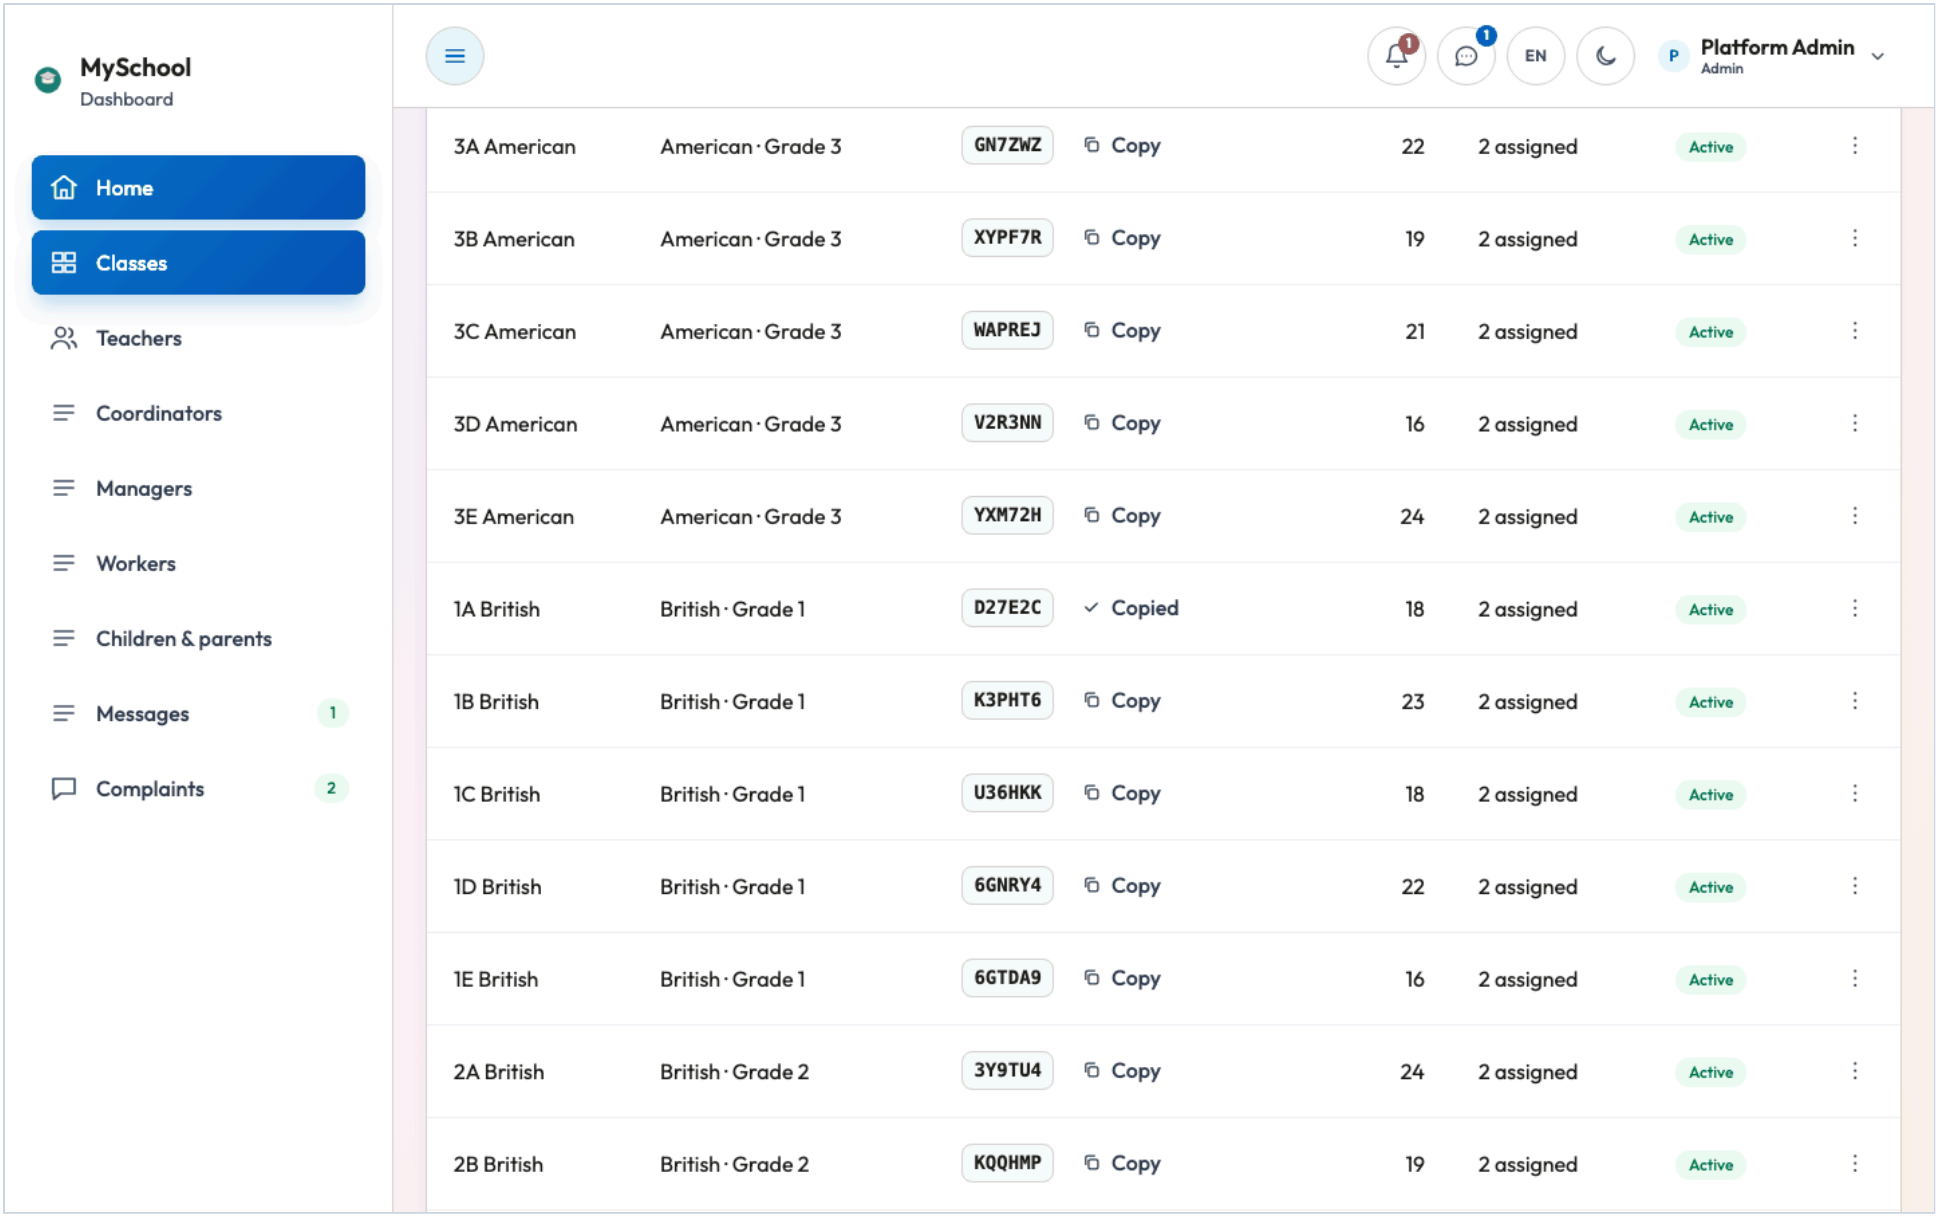

Admitting a child: class, child’s name and the parent login that is created with it.

8 Classes

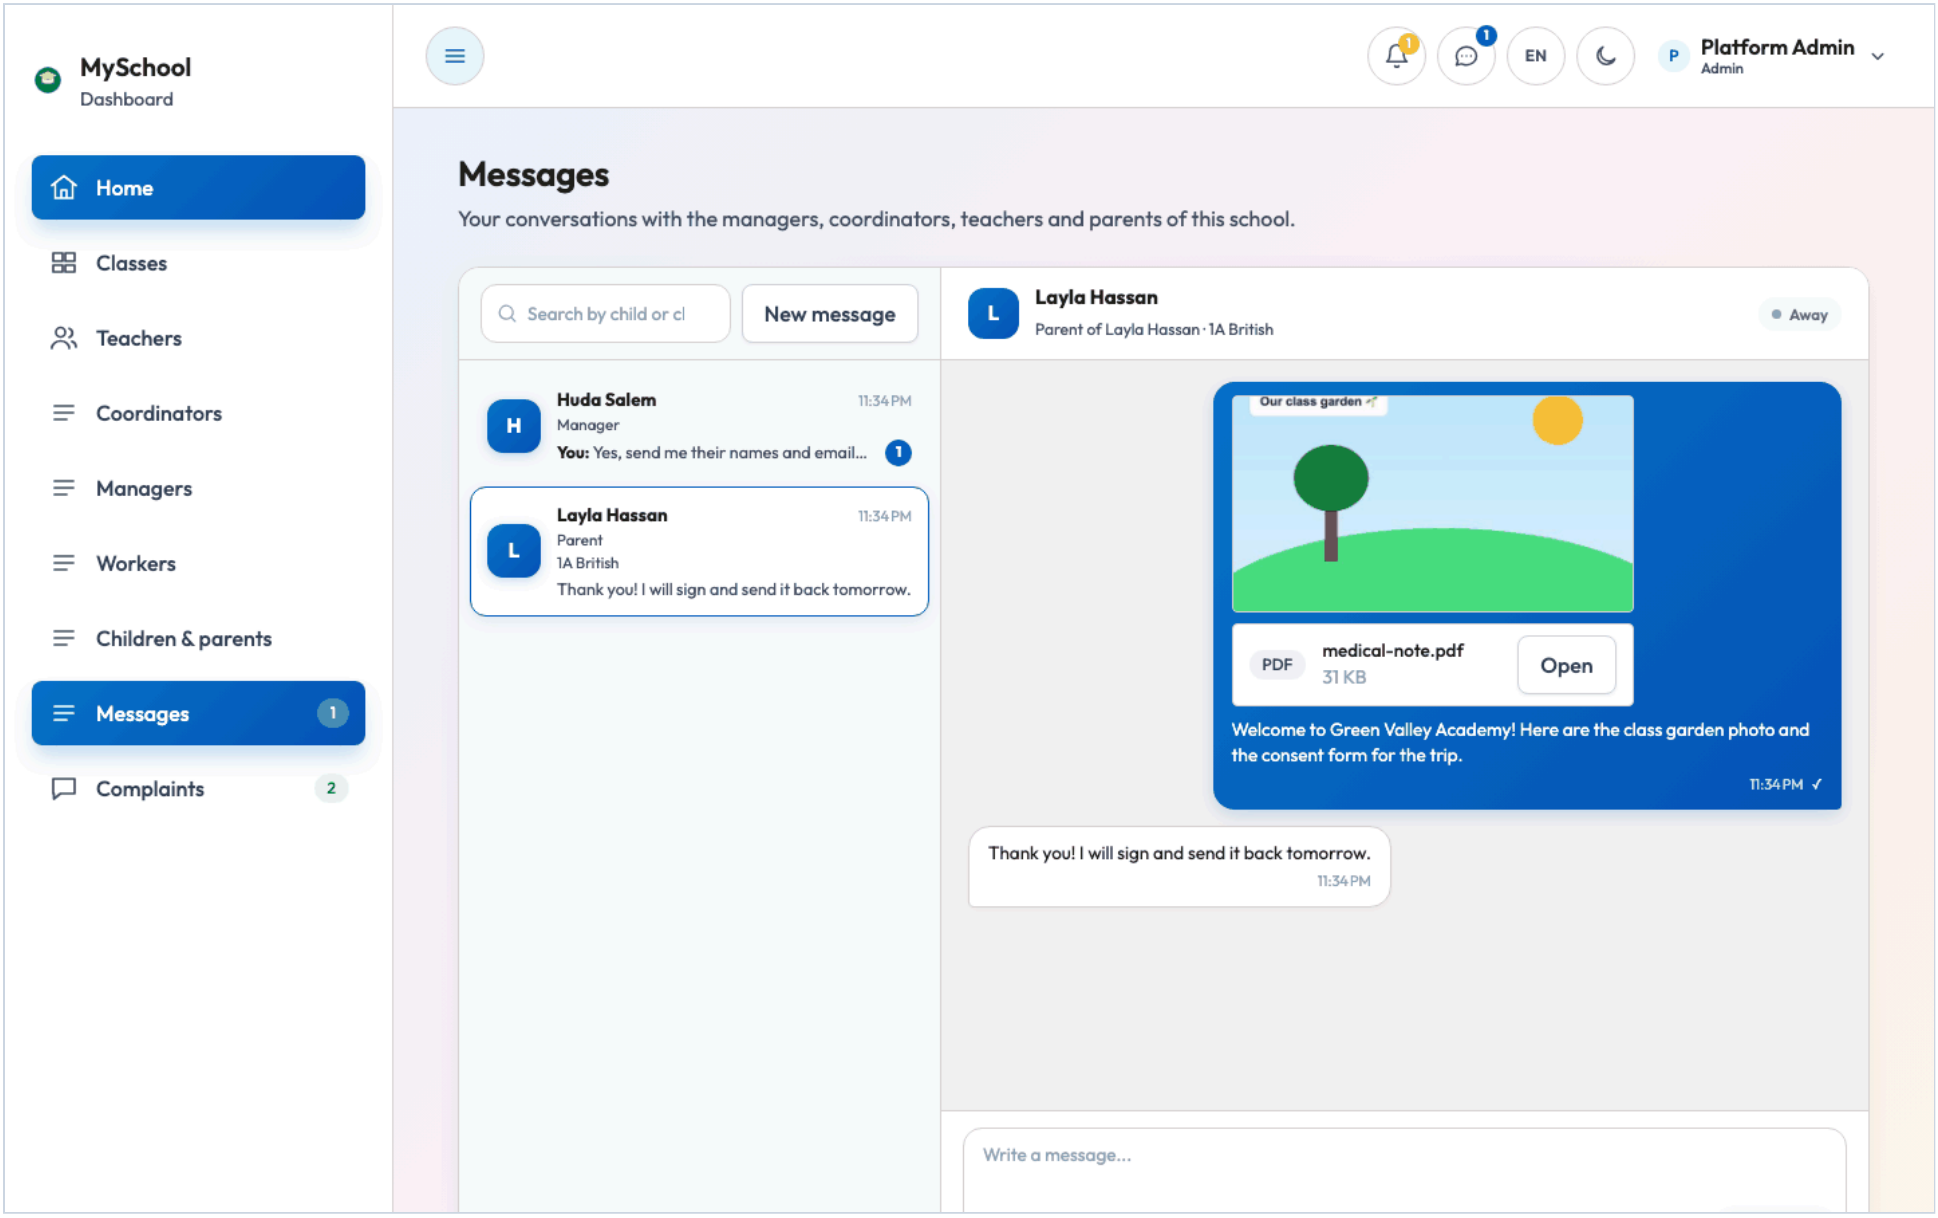

All 30 classes by curriculum and grade, with teachers, roster size and the class join code.

9 Class join code — Copy

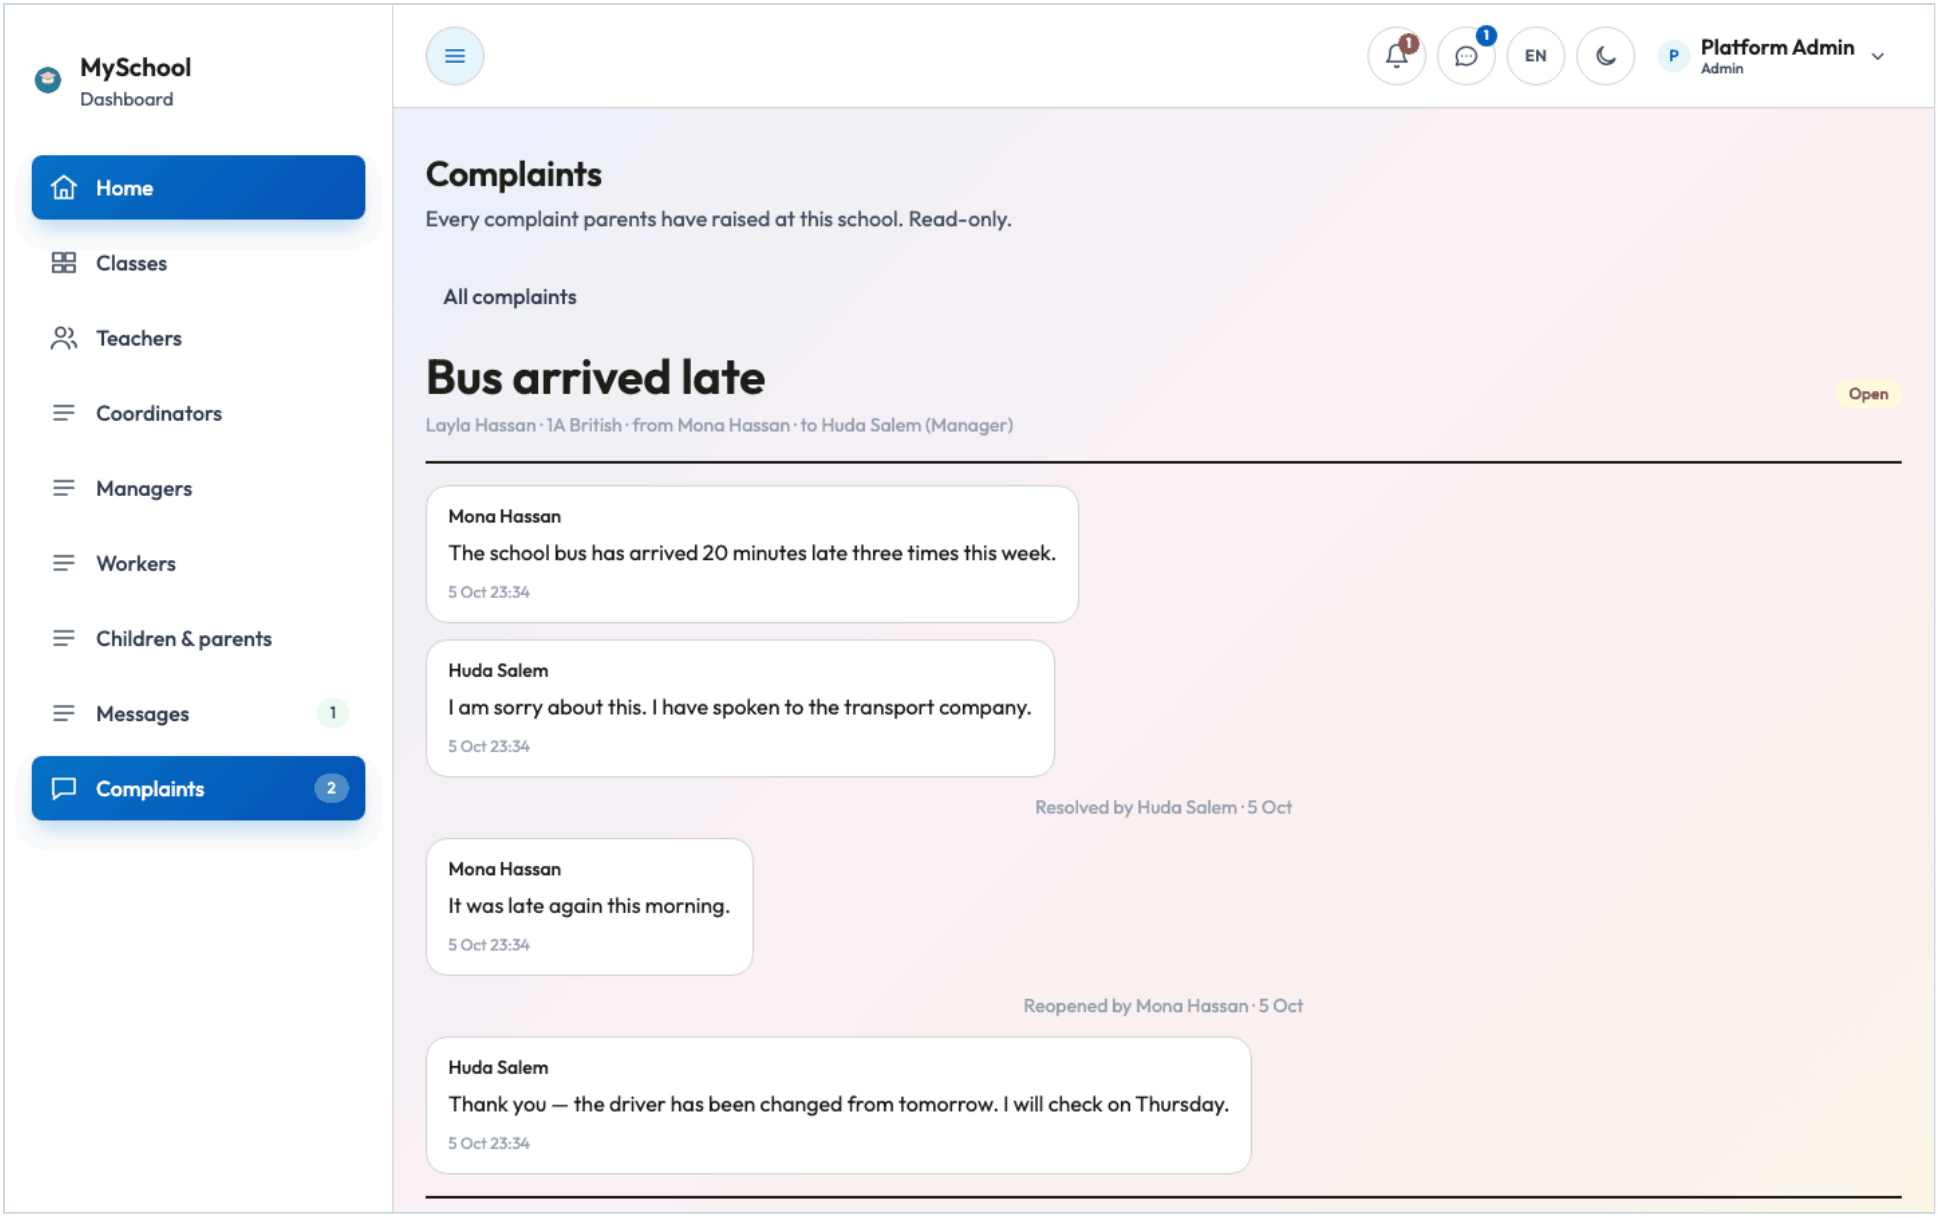

Copying a class’s join code to hand to parents; the code puts a child straight into that class.

10 Messages

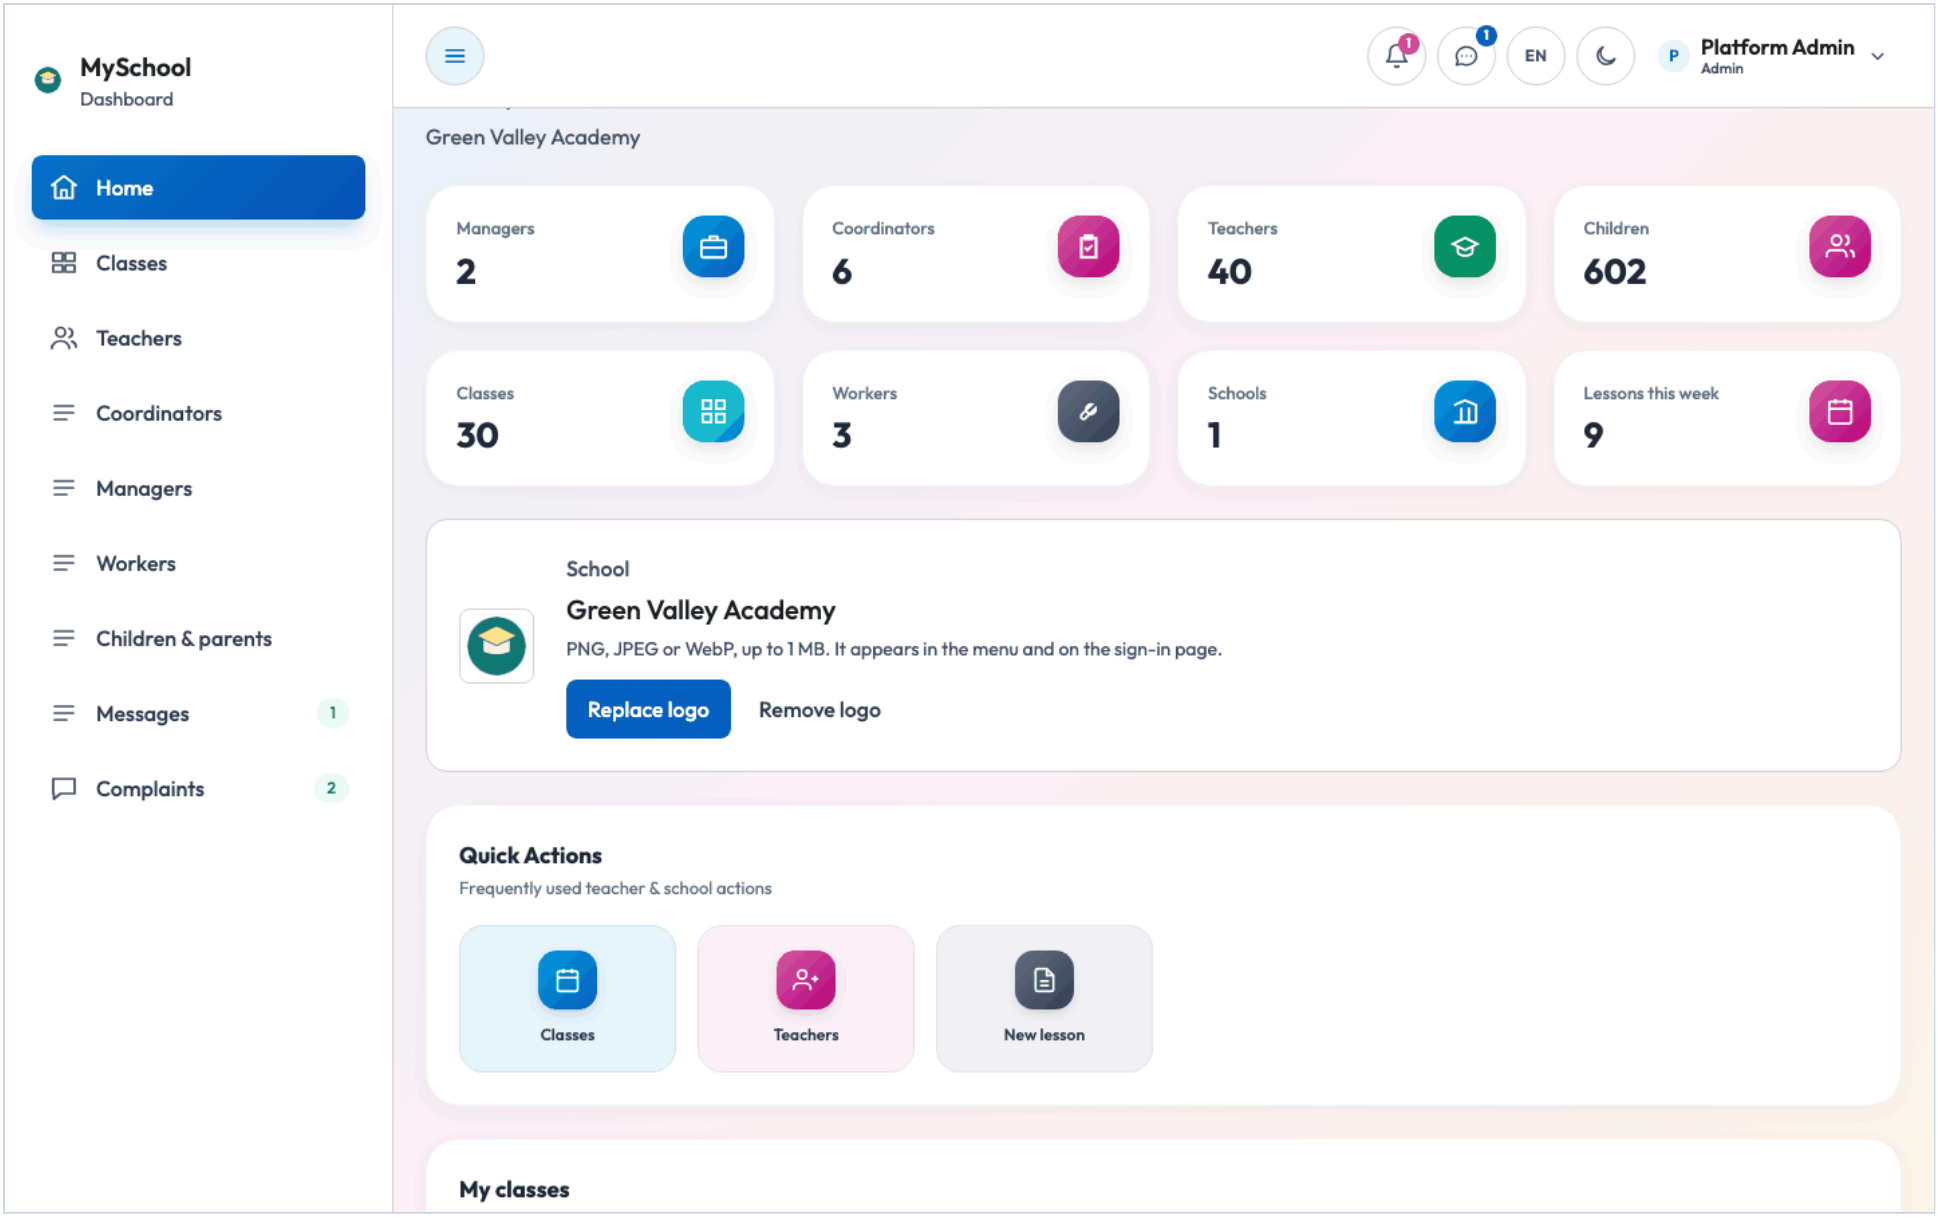

A conversation with a parent: text, a photo and a PDF, with read state and the reply box.

11 Complaints (read-only)

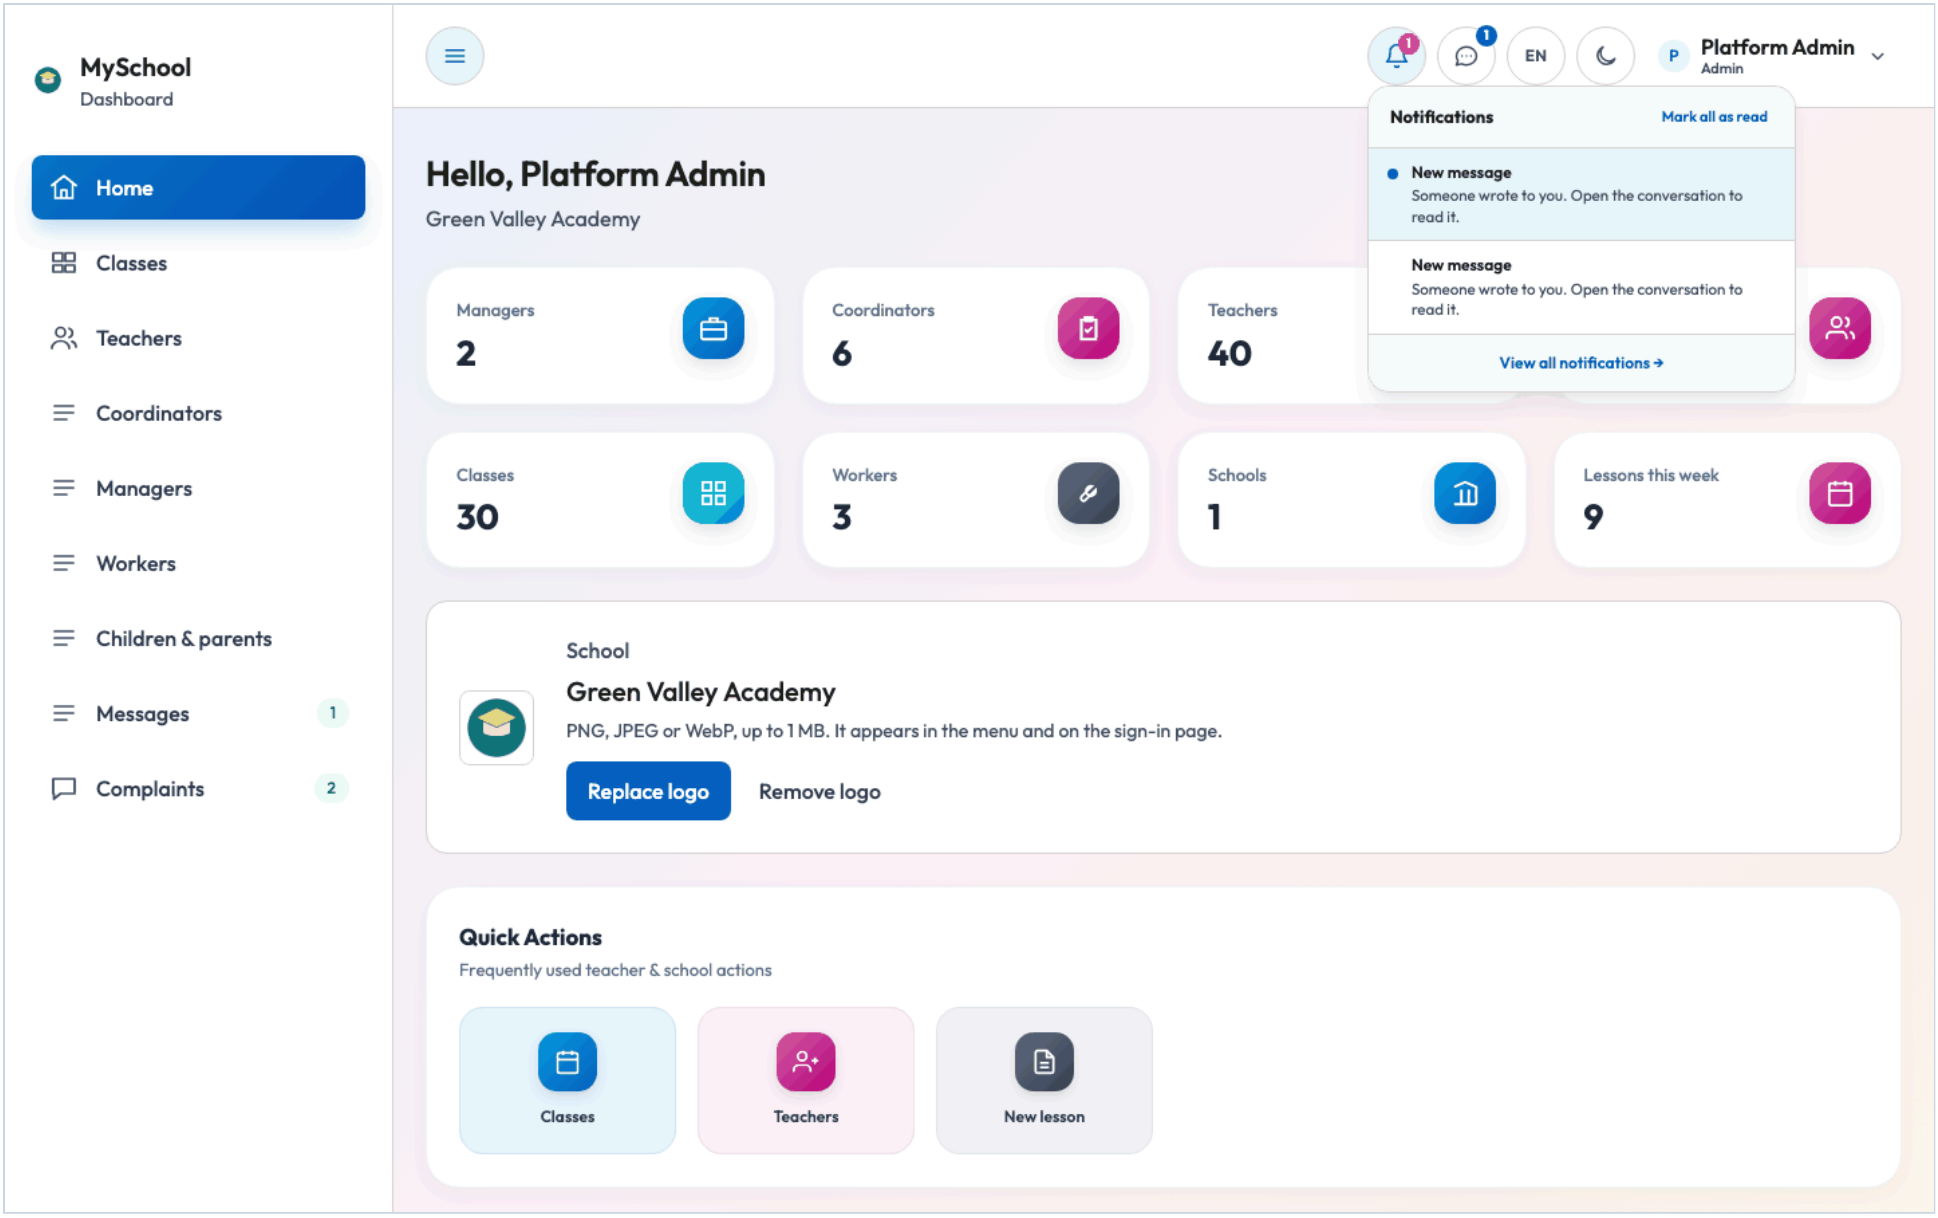

The Admin sees every complaint in the school and its history, but answering is left to the recipient.

12 School logo card

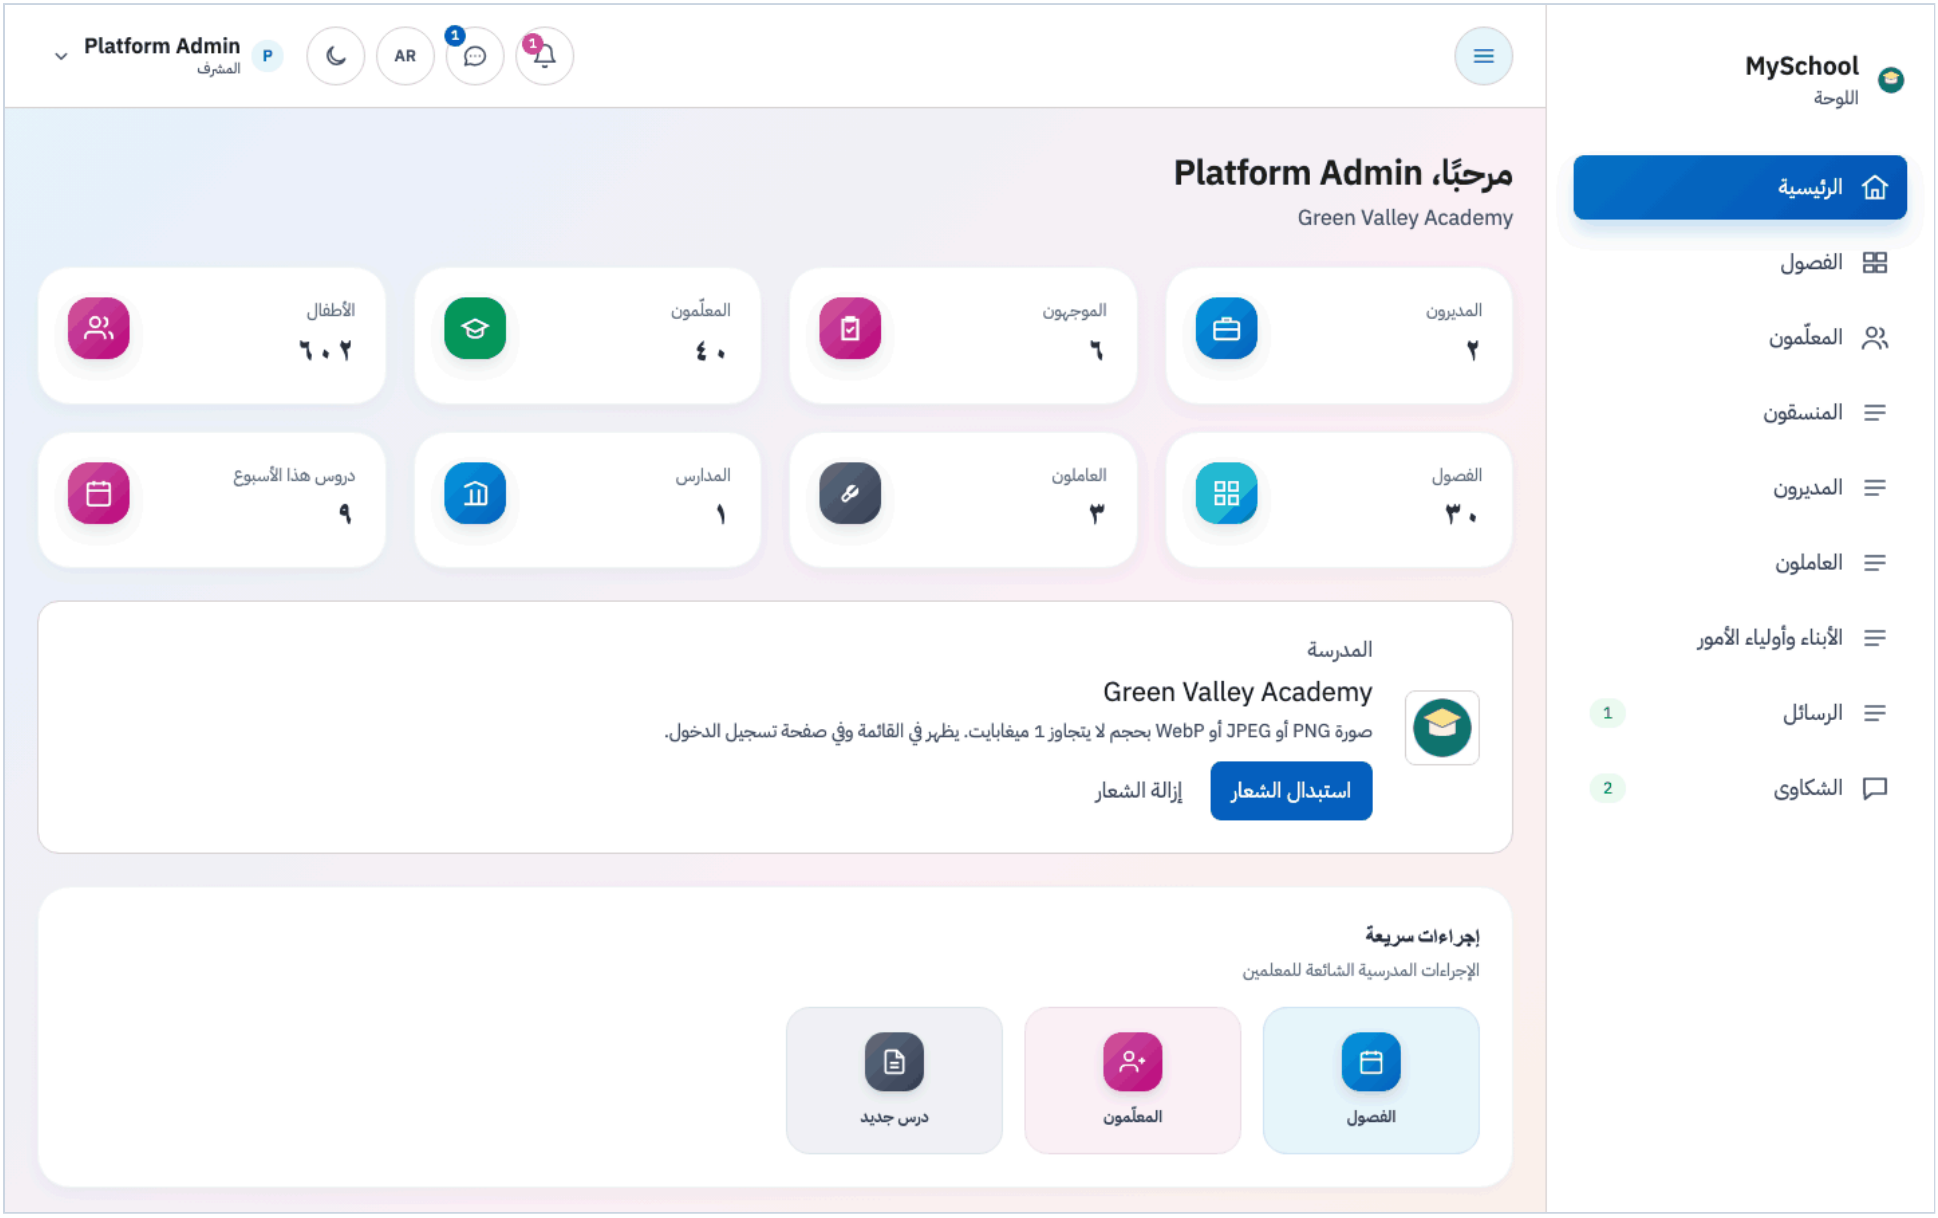

The school card on Home: the logo shown in the menu and on the sign-in page, with Replace and Remove.

13 Notification bell

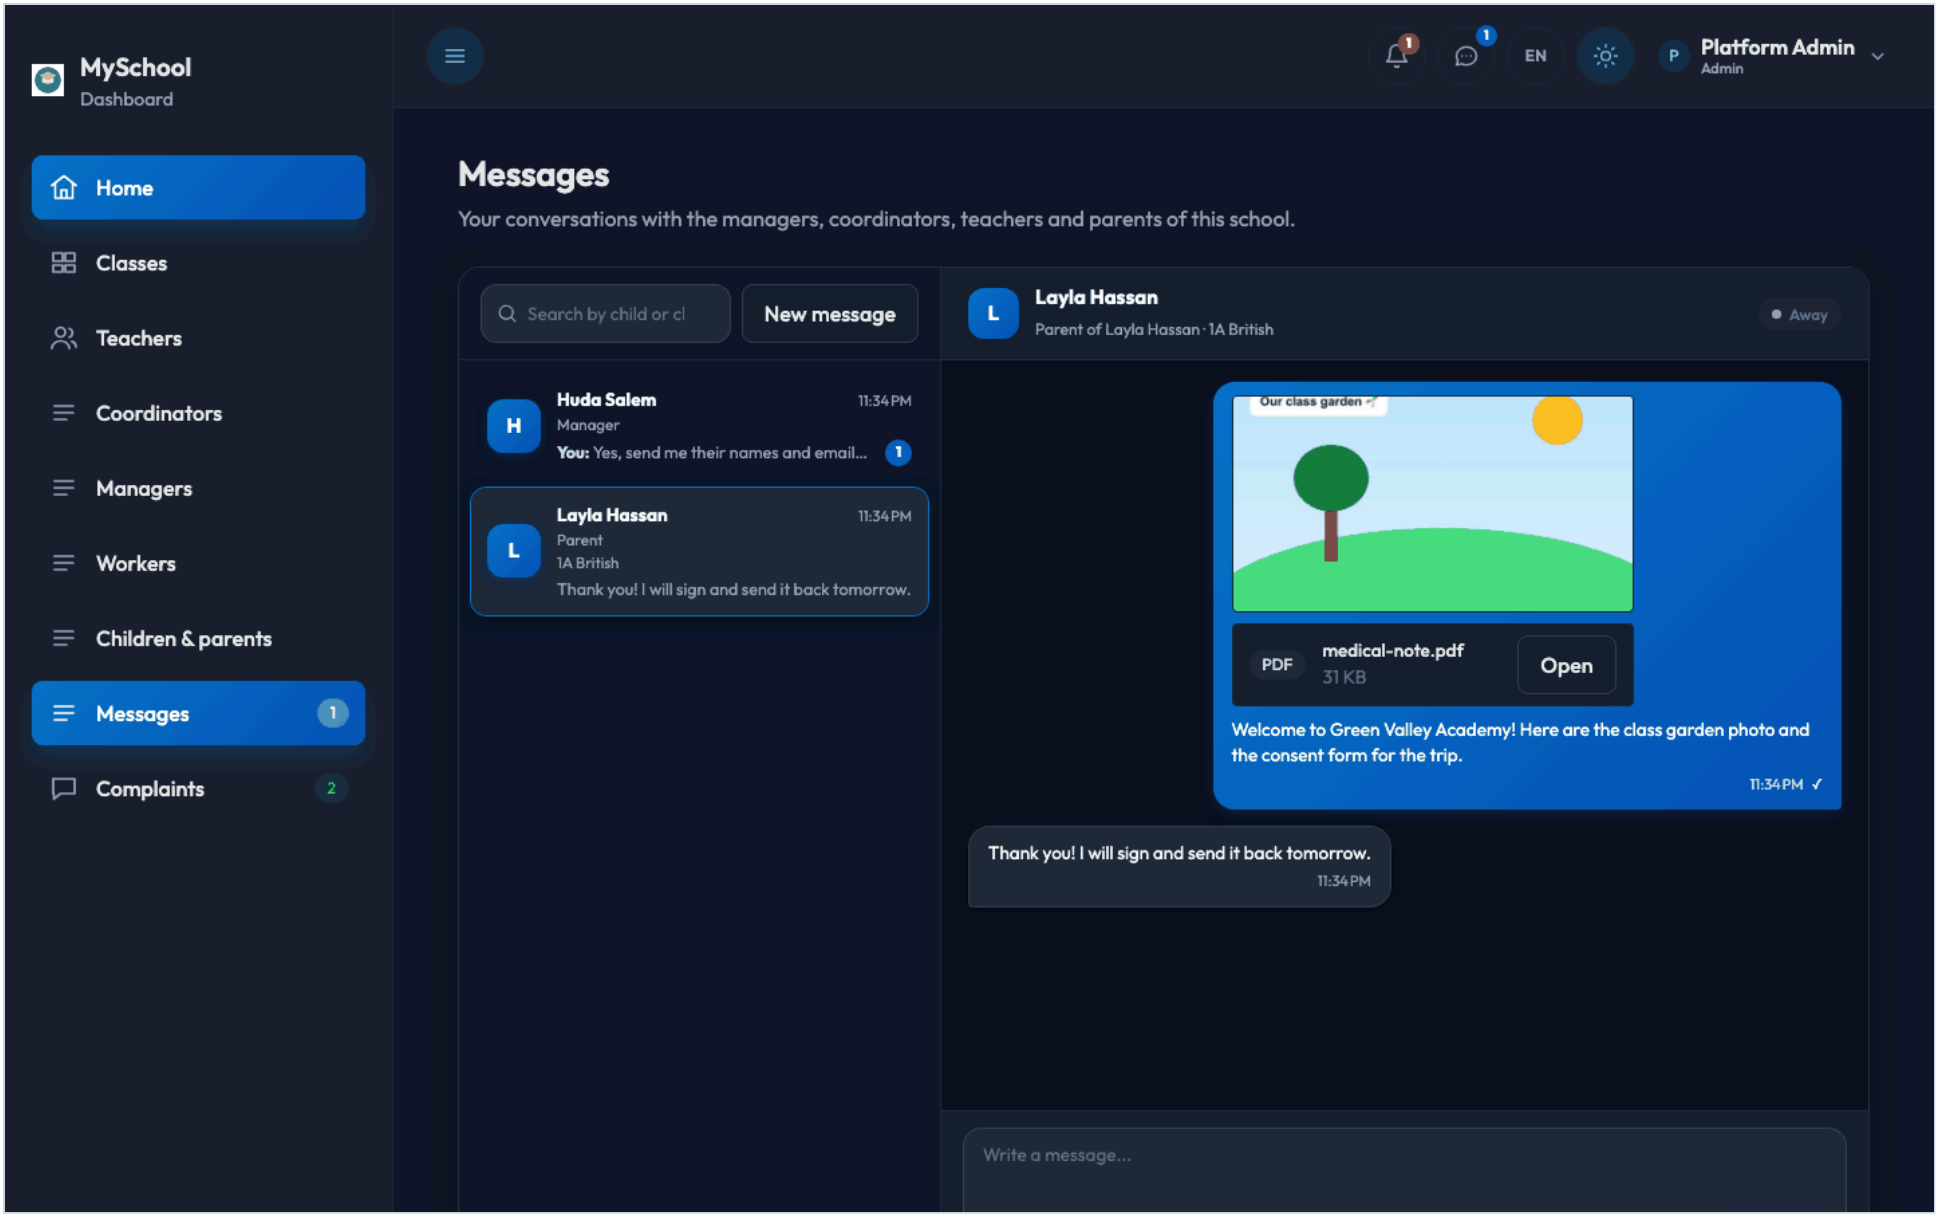

The bell opens the latest notifications — new messages and complaints — with Mark all as read.

14 Home in Arabic (right-to-left)

The same Home in Arabic: the whole dashboard mirrors right-to-left.

15 Messages in dark mode

Messages in dark mode.
